SUIT FOR A FARM WHAT AILS THE BABIES?

Advent Society Wants Possession of a Place

DEEDED TO IT BY A WOMAN

fra Kinney Declines to Deliver Up sion, Alleging That the Granter Was Insens

An interesting case was on trial before Commissioner McGill yesterday. The Advent society of Kent City sund Mrs. Elia Kinney to oust her from a farm, she now occupies. Amanda mother of Mrs. Kinney, fell heir to her husband's property several years ago, but became a member of the Advent church and deeded the farm to the menty instead of giving it to her children. Mea Kinney holds possession of the farm, however, and contests the deed on the ground that her mother was not of sound mind when she

TO CLEAR THE TITLE.

Mr. Sligh Begins Proceedings to Ob-

An interesting case was begun in the circuit court last week by Charies R. Sligh against Mrs. Julia S. Follett, to perfect the title to Mrs. Follett's home on Lafayette street. The bill filed sets forth that in 1981 Elizabeth Frobberg said on a contract to L. D. Follett, then judge of probate of Kent county, the premises for \$3,200, to be paid as follows: \$360 on or before September 1, 1984, or as soon thereafter as he could obtain possession of the premises; \$100 in nine as seen thereafter as he could obtain possession of the premises; \$100 in nine months, \$100 in twelve months, and the halance, \$2,500 to be paid on or before three years. On September 26, 1884 Mr. Foliett and his family moved into the house, and the family has continued to occupy it to the present time. Mr. Foliett paid \$700 the day he took possession of the place. Lest July Mrs. Froblers. lett paid \$700 the day he took possession of the place. Last July Mra Frohlorg with her claim against the property to Mr. Saigh, who is now sole owner of the premises. He states that the taxes for ISO ISO and ISO were not paid, and since he purchased the property he has paid the taxes, and expects to pay the taxes for improving Lafayette street. Mr. Foilett abscended from the state of Michigan in ISO, and the only person having claim in the premises is Mrs. Foilett, and she is unable to pay up on the contract. Mr. Sligh therefore asks that he be given a deed of the place.

Heat Only One Cause of the Great Mortality.

Use a Life-Saving Food for Infants During Summer Days,

Keep Them Healthy by Giving the Purest and Simplest

Summer lessens a haby's appetite, hinders digestion, and exhausts nervous strength.

Under these debilitating conditions the child's life depends upon securing the purest, most sustaining, and most readily digested food.

Lactated food, which has undoubtedly saved the lives of thousands of babies and kept them well during the hot days of summer is the best possible diet. Its basis is sugar of milk, and

with it is combined pure barley malt, the finest wheat gluten and the nutritious elements of the oat, and then, by thoroughly cooking the mixture by high steam heat, such changes are effected as are sufficient to make the food a new substance, which fulfils every physiological and chemical requirement. No sugar is used but the pure sugar of milk, and this is proportion to most closely represent mother's milk. It is absointely pure.

Infants who are "run down" by the effects of hot weather at once begin to mend when fed with this food. Little ones who are nervous and fretful under the heat of the summer sun, and are with difficulty persuaded to take other food, eat lactated food with evident

It is the food upon which hundreds of happy mothers have nourished their little ones. Says Mrs. H. E. Chapman of Newton Center, Mass., whose baby is shown above, in a letter to the makers of this food:

"I wish to tell you about our baby.
We tried a food at first that baby did
not seem to like, as he always left half
in his bottle. Finally he was taken very
sick and the doctor advised us to use sick and the doctor advised us to use lactated food, which we did at once, and from that time until this he has cried for it every two hours, and aithough we always give him one and one-half cupfuls, he has never left any in his bottle. He is now one year old, and has grown to be such a fat, healthy boy."

Every mother should try lactated food. Any druggist will sell for 25 cents a package large enough to make 10 pints of nourishing food, and in large packages it is even less expensive.
